CORPORATE WEBSITE DEVELOPMENT PROPOSAL

Prepared for Quantum Dynamics (Public) Limited

Proposed website | www.qdcl.com.pk

A modern, affordable online presence for an established engineering, fabrication and construction company.

01 Executive overview

This proposal covers the design and launch of a responsive static corporate website showcasing Quantum Dynamics' services, business sectors, project experience and company credentials. The content structure is based on the supplied QD company profile, with the old qdpl.com.pk hosting records used for transition planning only.

02 Proposed website structure

Page	Key information
Home	Hero banner, Engineering the Future tagline, service overview and enquiry call-to-action
About QD	Company introduction, vision, mission, values and organisation overview
Services	Mechanical and civil contracting; fabrication, installation, piping and steel structures
Industries	Oil & gas, petrochemicals, power, cement, fertilizer and infrastructure
Projects & Experience	Selected project references, experience listing and supplied project imagery
HSE & Quality	Safety principles, PPE and quality commitment
Contact	Office address, clickable phone/email, enquiry form and location map

03 Included deliverables

Custom responsive design • HTML/CSS/JavaScript static development • Basic on-page SEO and metadata • Mobile/tablet/desktop testing • SSL and DNS configuration • PDF company-profile download • Contact enquiry form routed to a designated inbox via a compatible form service • Deployment and handover • Two revision rounds • 30-day post-launch bug-fix support.

04 Hosting and email solution

Recommended hosting: Cloudflare Pages free tier for the static website, subject to provider limits. Domain: qdcl.com.pk (new registration, subject to availability). An existing qdpl.com.pk domain and email environment appears in historical server records; existing mailboxes and DNS should be audited before any migration or shutdown.

Email option	What it provides	Ongoing cost
Cloudflare Email Routing	Forwards info@qdcl.com.pk and other aliases to an existing inbox; does not provide outbound mailbox sending	Free
Zoho Mail Free (where eligible)	Separate mailbox for sending and receiving; up to 5 users, web access,	Free if eligible

	regional eligibility applies	
Paid business email (optional)	Dedicated mailboxes, more flexible clients/support, according to provider plan	Quoted separately

Recommended initial setup: info@qdcl.com.pk. Additional aliases such as projects@ and hr@ can be configured as required. A proper reply-from-domain mailbox is recommended for client-facing correspondence.

05 Commercial quotation

Description	Amount (PKR)
Website design and development	27,000
Content formatting and basic SEO	5,500
Testing, DNS and deployment	3,300
SUBTOTAL — DEVELOPMENT	35,800
qdcl.com.pk domain — 2 years (PKNIC rate: 2,100/year)	4,200
Static hosting and SSL — free tier	0
TOTAL INITIAL PROJECT ESTIMATE	40,000

Pricing assumptions: Pakistan-based domain registrant; no premium domain fee; client supplies approved content/logo/photos. Provider rates, taxes and payment-processing charges may change. Any new paid email plan, large-scale copywriting, advanced animations, translation or database functionality is excluded.

06 Schedule and payment

Stage	Estimated duration / milestone
Content collection and design approval	Days 1–2
Website development and page build	Days 3–7
Testing, revision and deployment	Days 8–10
Payment — 50% advance	PKR 20,000
Payment — 50% upon completion	PKR 20,000

Estimated timeline: 7–10 working days from receipt of all approved materials and the advance payment, subject to feedback and third-party DNS processing.

07 Client responsibilities and exclusions

QD will supply/approve the logo, company profile content, project photographs, preferred contact details, and domain ownership/registration information. The proposal excludes CMS editing, user accounts, ecommerce, recurring content updates, paid search marketing, and migration of old mailbox contents unless separately agreed.

08 Existing domain and migration safeguards

Historical records refer to qdpl.com.pk and previous hosting/email infrastructure. Before any changes, verify current domain ownership, DNS records, live website hosting, active MX records and mailbox backups. Launch qdcl.com.pk without interrupting existing qdpl.com.pk email. Redirecting the old website or migrating historical mail requires separate written approval. Old login credentials must be rotated and must not be shared in the public proposal.

09 Proposal terms

Quotation validity: 15 days from 02 November 2026. The domain should be registered in QD’s name, and hosting/source files handed over at completion. Included revisions cover the agreed website scope; material scope changes will be quoted separately. Ongoing maintenance is optional.

Reference pricing & assumptions

PKNIC domain pricing: https://www.pknic.net.pk/pricing.html (accessed 02 Nov 2026). Zoho Mail plan details: https://www.zoho.com/mail/help/adminconsole/subscription.html. Cloudflare Pages and Email Routing: provider free-tier terms apply. The supplied historical hosting note records a prior 2-year hosting charge of PKR 6,000; this is not treated as a current renewal quotation.
